The January run to Ohaupo Tree Garden and on was a great success. Beautiful weather and company as always. Read Raymundo's account in this issue.

The February run with BBQ also went down well. Read Teds article also in this magazine.

The events committee is trying their best to accommodate your concerns in the world's current crisis. We are focusing on events that revolve around driving to an outdoor venue to avoid too many masks, scanning and number/distancing issues.

Other events may be with limited numbers if indoors.

We have a Club Day on the 10th April which will include the Concours. Details involving what you should do to "win" are in this magazine somewhere.

We have not so long ago visited the Paeroa Maritime Museum. We are going back again for the river cruise. I'm sure most of you that went on the last run there will put their hand up for the cruise. There will be limited spaces so look out for the invitation and be quick.

The AGM (Date to be advised). Most positions already have nominees so don't feel too scared to attend but we are looking for a person or two to join the events committee. A casual/informal group to put new ideas together for future club events. This is not a formal role, just a fellow members opinion and ideas. Ring me or text if you are interested. 021 028 19389
