

Daffodil Day Event - 21-08-22

By Noel Harris

A very pleasant surprise to wake up on Sunday morning to sunshine. Exactly what was needed for this fundraising event organized by the V.C.C. Tauranga headed by Linda Downey. Well done her.

Many local clubs gathered to display their cars. Minis, Morris Minors, Mustangs and many others not starting with "M". Such as Jaguar which we had 11 cars from our club. I estimate around 200 cars in total.

By 1pm we were on the road cruising over the Kaimais, past the Wairere Falls, which looked stunning with all the rain we have had, on to Waharoa with a well needed food stop. I had the luxury of following Rex and Glenda in their 1958 XK. I drove with my window down. Sounded so good. Then on to Matamata where I diverted to home. I'm not sure to many would have returned to the start for a cuppa as it was quite a long day.
