

# A Day in Rotorua

*By Steve Pascoe & Jenny Thompson*

Saturday dawned to a spectacular day for the run through to the Ngongotaha Trout Hatchery.

Approximately 26 members and 13 cars met in the Hatchery car park although Jenny and I got a tad lost (arriving a wee bit after everyone else).

Morning tea was enjoyed beside the trout pools

Different pools had various sizes of trout.

Wandering through the bush following the stream was great.

We then meandered back into Rotorua and arrived at the 3D art Gallery

What an experience enjoyed by all - Lots of laughter and some posing for the photo opportunity. Some of us also had a little retail therapy on the way out

We then headed to the Good Eastern Tap House with everyone enjoying a hearty lunch in our reserved area in the sunshine

We are sure everyone enjoyed the day

Thanks to those involved in organising the day

*Steve & Jenny*
