Steve and Natalie Cox

For an event in the middle of winter we were blessed with stunning weather for the run to Mata Brewery in Whakatane. The first time I've had our MK2 out since a full engine rebuild. I was very pleased with how it ran but as we were late getting home, it highlighted how poor the headlights were. On Monday I replaced the bulbs with something more substantial. Not sure when I will test them as we wouldn't normally use this car at night.

Read Bruce Jamieson's account of the event in this magazine.

The next event may not come across as sounding to exciting but you won't know if you don't go. It's the second largest building in NZ. Covering the equivalent to 8 rugby fields. There is the attraction of morning tea, the tour, lunch and an amazing Waikato drive to top off what will be another great event. You will have already received the invitation.

The Daffodil Day Event in August, put on by the Tauranga Vintage Car Club, is usually well supported by our club as it is a very worthy cause and typically a very good event.

September brings an event that many of us have done before but will want to do again.

Anyone that has not been to Ross Bros will be impressed. To top it off, it is actually a Auckland Jaguar Club event that we have been invited to join. Will be great to meet up with another club.

This moves the Lake Kainui/Hamilton Zoo event to October.

The events committee will next meet after I've written this column so dates will be finalised in the next magazine.
